

2023 SWCS

Student T-shirt Contest

Make a Statement
Make an Impact

Enter the 2023 Soil and Water Conservation Society Student T-shirt Contest and turn your passion for conservation into wearable art!

SWCS invites submissions that express the creativity of our student community AND include an element of conservation. These images are meant to be adaptable for a t-shirt design and should be geared toward students and professionals working in the conservation field. The top images will be displayed on social media, where the SWCS community at large will vote on their favorite design!

Submission Requirements

- Participants must be current students at an accredited college or university and 18 years or older.
- Submit artwork as an EPS file, PDF file, or PNG file; artwork must be one color only.
- Up to three submissions per person will be accepted.
- Artwork must be an original design and be appropriate to wear in the workplace.
